RECONSTRUCTION OF RUSSIAN GOVERNMENT IS WELL UNDER WAY

Russian Troops in Northern Sector Force Germans Back and Retake Several Towns.

Gen. Korniloff Is Awaiting Chance to Surrender—Activity Renewed.

By Associated Press Dispatch.
Convinced that General Korniloff's rebellion is at an end, although the general himself has not formally surrendered, the leaders at Petrograd are setting about the reconstruction of the government.

Formation of a new cabinet is said to be well along toward completion.

The submission of so many troops and leaders who were adhering to General Korniloff apparently has left the leader of the revolt in a position of helplessness. He is said to have notified the government of his intention to surrender on the arrival at his headquarters of General Alexiëff, who has become chief of staff under Premier Kerensky, now commander-in-chief of the Russian armies.

Meanwhile the Russian army at the front, particularly in the northern sector, is displaying a fighting spirit, and according to official statements has occupied several villages in the Riga district in a movement to consolidate the Russian lines and organize a defensive line which would be solid in case of attack.

Activity on the other battle fronts except where General Cadorna on the Austro-Italian front is still fighting for Monte San Gabriele, is not notable.

The Germans are apparently more determined in the Aisne district than elsewhere and Paris today reports an attack last night on French positions on the Casemates plateau. This was repulsed in hand to hand fighting.

LEAD CAPS ON NAILS MEANT FOR SWEDEN

Consignment Is Held Up Until Investigation Is Made—Think Lead for Germany.

By Associated Press Dispatch.
New York, September 14.—Accidental discovery that wire nails in a consignment to Sweden were covered with lead caps caused the customs authorities today to hold up a shipment of 300 cases of the nails.
The smashing of one of the cases by a passing truck on Brooklyn pier led to the discovery. It was said there was enough lead on each nail to manufacture a rifle bullet.
The investigation will seek to determine whether the lead was placed on the nails to get material to Germany, or was there for other purposes. The lead caps fitted closely, but were easily removed.

SWEDEN ENTANGLED IN MEXICO

Another Thunder Bolt Shattering German Intrigue Is Hurlled By Uncle Sam.

Iron Cross Urged for Swede Who Plays Into Hands of Germans in Mexico City.

(By American Press)
Washington, Sept. 14.—Copy of a letter to the German Imperial chancellor from Von Eckhardt, the German minister at Mexico City, was given out by Secretary Lansing.

The letter discloses that Folke Cronholm, then Swedish charge in Mexico, was depended upon by the German diplomat to furnish information from the "hostile camp" and to transmit communications to Berlin and that Von Eckhardt wanted him rewarded by a secret award from the Kaiser of the "order of the crown of the second class."

The letter was written on March 2, 1916, and apparently has been in the possession of the American government for a long time. It was made public without comment, shedding light upon the methods of another Swedish diplomatic representative in this hemisphere at a time when the United States and her allies were awaiting with interest Sweden's explanation to Argentina of the conduct of her minister at Buenos Ayres who transmitted the German "silk without leaving a trace" dispatches.

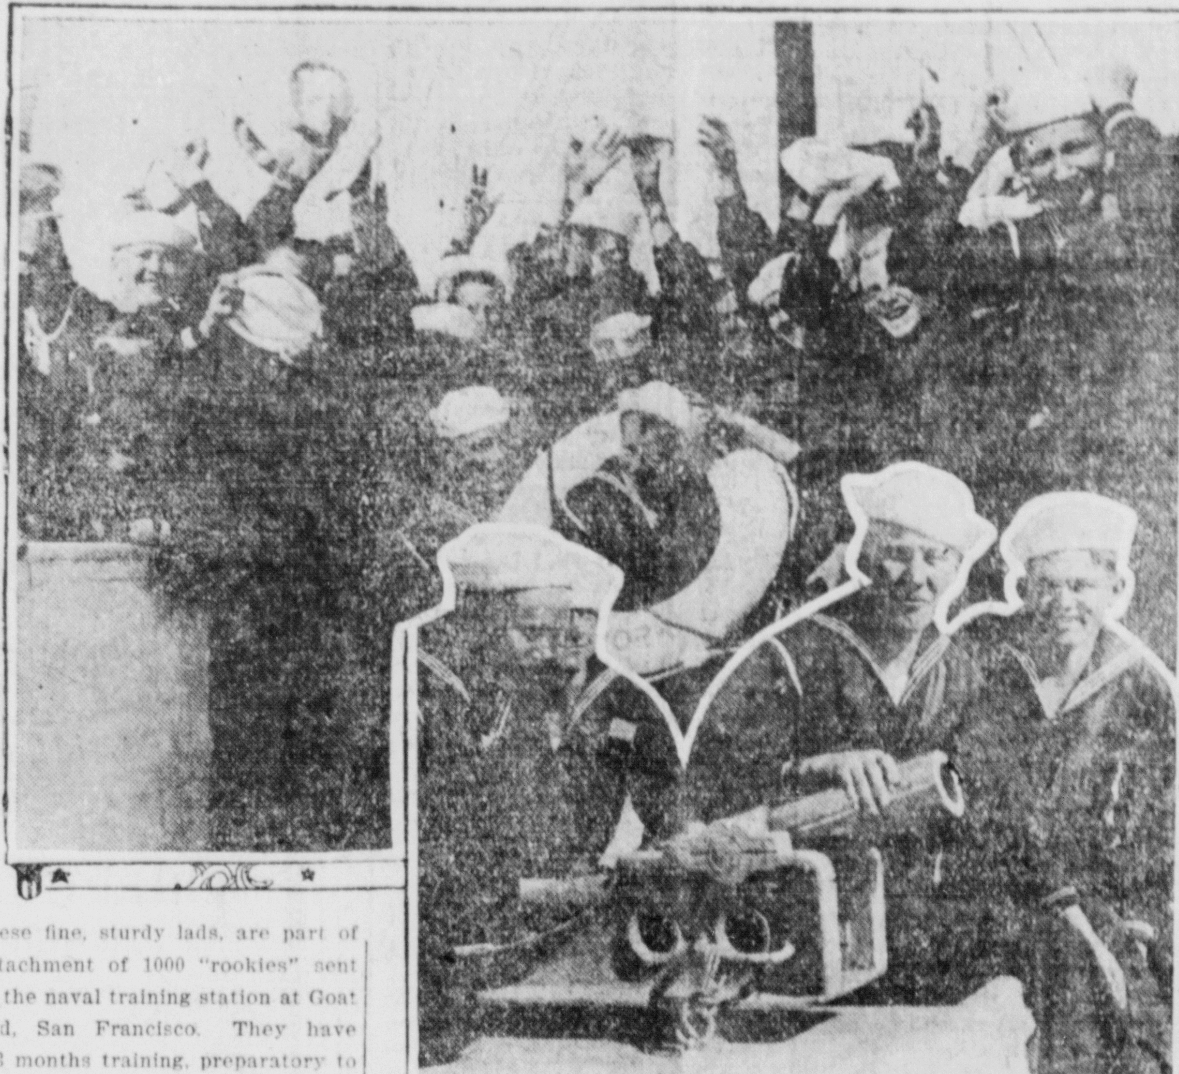

Baron Akerhielm, Swedish charge here, said, in response to a query, that Cronholm was dismissed from the diplomatic service last January. He would not discuss the cause.

Von Eckhardt, in his letter to the German chancellor, says: "Herr Folke Cronholm, the Swedish charge d'affaires here, since his arrival here has not disguised his sympathy for Germany and has entered into close relations with this legation. He is the only diplomat through whom information from a hostile camp can be obtained. Moreover, he acts as intermediary for official diplomatic intercourse between this legation and your excellency. In the course of this he is obliged to go personally each time to the telegraph office, not seldom quite late at night, in order to hand in the telegrams."

WILL ASSIST IN THE INVESTIGATION

(Associated Press Cable)
London, September 14.—An official statement issued by the Swedish government telegraphed the correspondent at Stockholm of the Central News Agency, says that O. A. H. Ewerloef, secretary of the Swedish ministry of Foreign Affairs, has been granted leave of absence from the foreign office and placed himself at the disposition of the minister of justice with the object of assisting in the investigation in connection with the Swedish-Argentine revelations.

RIGHT FROM NAVAL TRAINING STATION, BOYS ARE READY FOR SERVICE

BOYS FROM NAVAL TRAINING STATION READY FOR SERVICE

MIMIC BATTLEFIELD WILL BE LOCATED ON THE FRANKFORT PIKE

Conscripts Will Be Given Real Training in Trenches and Dugouts in New Field to Be Laid Out.

Will March to the "Scene of Action" and Remain "Under Fire" Days at a Stretch.

By Associated Press Dispatch.
Chillicothe, O., September 14.—A permanent battleground, built precisely as are the European battlefields, will be constructed at Camp Sherman for the training of Ohio conscripts, according to announcement today.

A condemned rifle range three miles from the camp, which was found to be inadequate for practice, will be utilized for the battlefield.

Major Eric C. Wood will have charge of all instructions which are expected to begin about November 1, after all conscripts are in camp and physical training is well advanced.

Communicating trenches, a "no man's land," and the first line enemy trenches will be laid out exactly as on the European fields. The troops will, in all probability, be trained by battalions in every phase of trench life.

Each contingent will break camp, proceed in heavy marching order with complete rations, and remain on duty for three or four days, eating and sleeping in dugouts just as they will have to do when they go into action somewhere in France.

Present plans are to have the infantrymen construct the trenches and the engineers the communicating trenches. These tasks will give the men experience in what is expected of them from the time they reach the battlefield until the charge is made on the enemy.

Because of lack of equipment including guns, field artillery and heavy artillery, units have not been assigned a definite program of work thus far.

It is announced that the mimic battlefield will be located five miles out of Chillicothe on the Frankfort pike, a short distance from Maple Grove Hotel.

ONLY PART OF GERMAN PLOT MADE PUBLIC

Just Enough Is Turned Loose to Show World How Germany Works in Dark Ways.

By Associated Press Dispatch.
Washington, Sept. 14.—As an added chapter to the story of the recently revealed intrigue in Argentina the disclosure gives a hint of the nature of the evidence in this government's publication of Germany's illegitimate use of neutral diplomats.

The full extent of this evidence may never be published but it is known to be complete and this government's action in making some of it public is not directed so much at Sweden as toward further informing the world at large of Germany's practices.

It does, however, raise some speculation as to how the Stockholm foreign office will explain it.

RUSS GENERAL SHOTS SELF

(Associated Press Cable)
Petrograd, Thursday (delayed)
Sept. 14.—After being received by Premier Kerensky and informed of the fate which awaited him, Gen. Krutnoff, commander of the Korniloff troops which were sent against Petrograd, returned to his lodging place and shot himself. He will recover.

WILL PROBE REBEL MOVE

(Associated Press Cable)
Petrograd, September 14.—The provisional government, according to the Russian official news agency, has sent an extraordinary special commission to the Russian army headquarters in the field to investigate the Korniloff affair.

ANOTHER U. S. VESSEL SUNK

(Associated Press Cable)
London, September 14.—The American ship Wilmore was sunk by a German submarine on September 12th, according to an announcement made today by the British Admiralty. All the members of the crew were saved. Further details have not been secured.

WANTING COACH

By Associated Press Dispatch.
Springfield, O., September 14.—Wittenburg College is looking for a football coach. Ernest Godfrey, last season's coach, in the quartermaster's department at Fort Benjamin Harrison, Indiana, will be unable to get a furlough to coach this season's team.

GREATEST VICTORY OF WAR WON TODAY BY ITALIAN ARMIES

VIVIANI NOT INCLUDED IN NEW CABINET

Unified Socialists Not Represented in French Ministry Just Formed By Prof. Painleve.

(Associated Press Cable)
Paris, September 14.—The new French cabinet contains a new minister at first called the Minister of Propaganda, but later changed to a Ministry of Mission aboard.

Owing to the absence of Franklin Bourillon, the new post is not listed with the other ministry designations in the official journal. The new ministry consists of 15 titular ministers, four ministers of state and 11 under secretaries.

The political groups represented in the new ministry do not include the unified socialists. Premier Painleve represents the Socialist Republican group, while the Socialist Radicals have three members, and the Radical Republic Union 7 members. Seven members of the Ribot ministry retained places in the new cabinet. The most noted perhaps of the Ribot ministry to go are Viviani and Albert Thomas.

The Ribot ministry failed late Sunday night when M. Thomas withdrew and Professor Painleve followed him, being unwilling to remain in a cabinet where the Unified Socialists were not represented. As President Poincare insisted upon Professor Painleve continuing his efforts to form a ministry he resolved on Wednesday not to give the Socialists representation.

Events are expected to show that the new ministry will start life without the assurance of active support from the Unified Socialists. The role played by them is generally condemned by the press as comparable to that of the Workmen's and Soldiers' Delegates in Russia.

CONSULATE DAMAGED

By Associated Press Dispatch.
Washington, Sept. 14.—A typhoon at Amoy, China, severely damaged the American consulate and killed many natives, the state department was advised today. No foreigners were killed.

GERMAN BOATS ARE SEIZED

Montevideo, Uruguay, Sept. 14.—Uruguay marines today boarded all the German ships in the harbor here, the government having learned of plans to sink the vessels.

20-Day Struggle Results in Austrians Losing All Vantage Points on Gorizia Line.

By Associated Press Dispatch.
Washington, September 14.—Italian troops have taken from the Austro-Hungarians the fortified hill of Dol and the Gartner basin and now occupy the slope and top of Monte San Gabriele, after severe fighting.

The Italian embassy in announcing the capture today said this is the greatest victory gained by the Italians since the beginning of the war.

Capture of all Austrian positions of Monte San Gabriele is expected to be a matter of hours.

The battle has been raging for 20 days. Last week the Austrians changed from defensive and began an offensive, using masses of their best troops against the Italian positions. The loss of the mountain will mean for the Austrians the loss of all the vantage points against the Gorizia plain, and the Frigido valley.

25 UNIONS TO STRIKE

(Associated Press Cable)
San Francisco, Sept. 14.—A threatened strike involving 25 unions affiliated with the Irons Trade council and affecting approximately 24,000 men has been put up to the federal government so far as the California mental trades association is concerned, was announced here.

The strike is set for Monday. Considerable government ship building would be tied up.

PRESIDENT TAKES HAND

By Associated Press Dispatch.
Washington, Sept. 14.—Plans for adjourning Congress without senate action on the soldiers and sailors insurance bill were much upset today by an authoritative announcement that President Wilson would insist that the measure become a law before Congress quits.

There is a strong sentiment for closing up business and letting the bill wait for the December session.

FOUL PLAY

By Associated Press Dispatch.
Salisbury, N. C., September 14.—Expressing the belief that the death of Mrs. Maude A. King, who was mysteriously killed near Concord, N. C., on August 29th, was neither the result of an accident nor suicide, but that conflicting circumstances indicated foul play, Solicitor Clement today ordered the investigation into her death reopened and set it for Monday, September 24th.

SELF-CONFESSED SLACKER IS HELD IN COUNTY JAIL

Ralph Hall, 26, Colored, Arrested for Theft of Brass Boxing at M. Hamm Plant, Admits He Did Not Register—Will Be Turned Over to Federal Authorities.

The first man who failed to register in Fayette county and can be called a slacker, is now held in the county jail awaiting action of the Federal Authorities. He is Ralph Hall, 26, colored, and admits that he failed to register for military service as provided in the draft law.

Hall was arrested a few days ago, charged with stealing brass fittings from the plant of The M. Hamm Company east of this city.

Specials for Saturday

The White Tile Meat Market has a fine lot of Young Chickens, 2½ to 5 lbs. each.

Special price for Saturday, 25c pr. pound. No extra charge for our work if you want them dressed.

Cured hams 30c pr. pound. Will sell a half of ham at same price.

Plenty of home dressed Beef, Veal and Lamb. You will save money by trading at the White Tile.

J. W. Anderson, Prop.

When arraigned before Justice Craig he entered a plea of not guilty. Later he admitted his guilt and was held to the Probate Judge.

When taken before Probate Judge Allen he again admitted his guilt, and during some questioning at the hands of Prosecutor Rankin and Sheriff Jones admitted that he was a "slacker."

Hall claimed that he was ill on registration day, and that later on he did not know where to apply to register.

This excuse is so flimsy that the authorities question it very seriously, and the man will be turned over to the Federal authorities for proper punishment. Apparently he did not realize the gravity of the charge which he is facing.

It is expected that Federal authorities will come after him within the next few days, and take him to Columbus, where he will face charges of evading the military draft law of the nation—an offense which is punishable with a long term in federal prison, and heavy fine.

Pending action of the Federal officials Judge Allen remanded the man back to jail without passing sentence for the crime of stealing the brass fixtures.

The man is the first one arrested in Fayette county for evading the Draft laws. He resides in the eastern part of the city, and is said to have boarded at the Alice Smith premises.

One or two other persons failed to register, but registered soon after registration day and the only other man who has attempted to really evade the law is said to be Guy Royce, now under arrest in Columbus.

EXPRESSION OF APPRECIATION

I desire to express my appreciation to the members of Harmony, Mt. Olive and White Oak Grove Churches Washington circuit. Just prior to conference the Harmony Church gave a vote of appreciation, Sept. 2, 1917. White Oak Grove voted unanimously a splendid recommendation, Sept. 9, Mt. Olive gave a unanimous vote of recommendation and appreciation.

I appreciate the co-operation these good people have given me during my pastorate and now to bid me "God's speed" with such recommends is a very fitting close to our official relation. My prayers ascend in your behalf. My desires are for your prosperity.

Yours for service,
G. H. HARPER.

B. & O. TO BEGIN WORK NEXT WEEK

Monday morning, if weather conditions permit, the B. & O. railroad will place a large construction gang at work on the new track improvement east of this city, extending from near the Sears & Nichols Canning plant to near the bridge over Paint creek.

It will be necessary to make an extensive fill along the route where the new track is to be constructed immediately east of the present tracks, and it will require several weeks to complete the work.

Earth for the fill will be obtained by cutting down the hill at Whetstone Curve, a short distance east of Fairview Station, a few miles east of Washington.

By cutting down Whetstone Hill and making an easier curve at that point, and using the earth to fill in the new roadbed to be built, two important improvements will be accomplished at once.

It is expected that the big piece of work will be completed some time this fall, after which the new roadway will be the main track, and the present tracks will be used for sidings and storage tracks.

LIVES ENDANGERED BY CARELESS BOYS

Attention has been called to the practice of some of the drivers of delivery wagons in coming out of the alleys across the sidewalks and onto the streets while the pavements are crowded with pedestrians.

The claim is made that many times the drivers apply the whip, or otherwise goad their horses to faster speed as they approach the crowded sidewalks, compelling pedestrians to hurriedly scatter in all directions, endangering life and limb.

ROY COMBS LOSES HIS FORD MACHINE

It is getting to be a common occurrence for a Ford to be stolen these days. The owners will have to put locks on them if they expect to keep them.

Roy Combs, who works at Hough's garage on South Walnut street, had a Ford stolen last night on West Main street near where the Gunning car was stolen a short time ago.

Combs is from Washington C. H. He has had his machine in service at the camp.—Chillicothe News.

CORRECT ADDRESS OF FAYETTE MEN

New instructions from the Postoffice on sending mail to Fayette county troops at Camp Mills, Long Island, state that the mail is handled at Hempstead, N. Y., instead of Mineola, N. Y., and that the correct way to address mail is as follows:

PRIVATE JOHN DOE,
CAMP MILLS,
HEMPSTEAD, N. Y.
Co. M, 166th Reg.
83rd Brigade.

VILLAGES ARE RAIDED BY OLD TIME BANDITS

(By American Press)

St. Louis, Sept. 14.—After cutting all wires leading from Sullivan, Mo., fifty-five miles southeast of here, four automobile bandits locked the two town marshals and a telegraph operator in a box car, rode through the town firing guns to make citizens stay in doors, blew the safe of the People's bank, robbed the postoffice and escaped. News of the raid was telephoned to the St. Louis police from towns near Sullivan. How much booty was obtained has not been learned.

MEMOIR

Osco, son of Robert and Elizabeth Hill Yeoman, was born near Rock Mills, Fayette county, Ohio, February 6th, 1855. Excepting a short period his entire life was spent near the place of his birth. His mother passed from this life when he was a child, and his father in the summer of 1916. Two sisters and one brother preceded him to the Beyond: Ella, wife of Charles Foster, Sarah, wife of Andrew Clark, and William, I. One sister, Mrs. Emma White, and several half brothers and sisters survive him.

He was married to Miss Susan Baughn December 24th, 1874. Five children came to their home. Jesse Irvin, Orpha Elizabeth King, James Arthur, Ida Jane and Minnie Opal. The last named two have passed from earth. Minnie in infancy and Ida in December, 1899. Besides the wife and three children who are bereft today, are Herman Baughn, a nephew, whom they took into their home and raised from infancy to manhood and seven grand children.

During the pastorate of Rev. Chaplain he united with the M. E. church at Good Hope in the year of 1902. He was also a member of the lodge of Modern Woodmen at the same place.

He was a man of cheerful disposition. Generosity was a predominant feature. None asked a favor of him that was ever denied if it was possible for him to grant it. He was very fond of children, delighting to have them with him. He made friends with the birds and animals, and derived much pleasure in having them recognize in him a protector and friend.

Osco Yeoman passed through the phases of life that all mankind has, that all mankind must pass through. He was born, he lived, he loved, he suffered and he died. He made mistakes and he cultivated virtues. He lived his life as seemed best to him. Did his duty, as it was given him to see it. And after 62 years and 7 months of life here had been granted him, Friday morning, September 7th, 1917, he passed to the life Eternal.

There is no death! The stars go down To rise upon a fairer shore And bright in heaven's jeweled crown They shine forevermore.

There is no death! The leaves may fall, The flowers may fade and pass away; They only wait through wintry hours The coming of the May.

There is no death! An angel form Walks o'er the earth with silent tread; He bears our best loved things away, And then we call them "dead."

But ever near us though unseen, The dear immortal spirits tread; For all the boundless universe is life There are no dead.

In Social Circles

Pink and blue was the effective color scheme carried out at the wedding Wednesday evening of Miss Pauline Foster, second daughter of Mrs. Rachael Foster of near Waverly, and Clarence Ewing only son of Mrs. Jane Ewing of near Waverly, at the home of the bride's mother.

At 6:30 to the strains of the wedding march from Lohengrin, played by Miss Beatrice Brown of this city, the ushers, Harry Foster, brother-in-law of the bride, and George Welde, came down the smilax-twined stairway. First came Rev. E. S. Matheny of Columbus, followed by the groom

and his best man, John Foster, a brother of the bride. After them came the bridesmaids, Miss Louise Stahler and Miss Olive Gregg, both of Waverly. The maid's dresses were of turquoise blue messaline with silver trimmings. Their bouquets were pink roses and delphinium.

"Marian Foster, the younger sister of the bride, and maid of honor, followed. Her dress was of pink chiffon over net, with satin trimmings. She carried a bouquet of pink roses and asters tied with blue tulle. Lastly came the bride and her brother, Morris Foster, who gave her away. She was lovely in an ivory satin gown made short length, and trimmed with iridescent beads and rose point. The rose point was worn by her mother, Mrs. Rachael Foster, when a bride, and used since by three other members of the family. The tulle bridal veil was caught with orange blossoms, and the bridal bouquet was brides roses with a shower of valley lilies. She wore the groom's gift a diamond brooch.

"A wedding dinner of five courses was served to 100 guests from Chillicothe, Columbus, Portsmouth, Waverly and vicinity.

"Mr. and Mrs. Ewing left during the evening for a week's trip on the lakes. The bride's traveling gown was of green self-checked velour with black hat and black and grey boots and gloves to match. They will go to housekeeping on the Clough farm near Waverly."—Thursday's Chillicothe Advertiser.

YOUNG AVIATOR MAKES SOLO FLIGHT

Paul Hughey, of the U. S. Aviation Corps, successfully made his first solo flight Monday at the Aviation School at Fairfield.

Since then young Hughey has made a flight daily and each experience finds him more enthusiastic.

The percentage of aviation graduates is very low and the ability shown by Mr. Hughey forecasts for him a future in this foremost department of war service. He will probably be sent to France before a great while.

Kerensky Supreme

When civil war threatened to add its horrors to those already heaped upon the Russian people, with the armies—rebel and loyal—drawn up in battle array outside the gates of Petrograd the pathetic yet strong figure of Kerensky again rose as supreme, master in the crisis.

He refused to deal with the remnants of corrupt autocracy and defied them to do the worst, placing his reliance in the masses to whom he had appealed and in whose interest he is acting. While German intrigue and Russian dishonesty and Russian ignorance surround him, on every side, his confidence in the ultimate triumph of right, his rugged honesty and splendid patriotism are inspiring to the whole world.

He seems to be indeed the man, of Tolstoi's prophecy, who was to come out of the north and lead the Russian hosts to freedom.

Russia's greatest enemy today, her greatest bar to advance, is the failure of the masses to understand.

The world hopes that Russia is passing through the last internal dissension and that after these black clouds of rebellion and sedition roll away brighter prospects may come.

Relief Is Promised

Attorney General McFiee is back in Ohio from a visit to the national capital where he acquainted food and fuel administration officials with the alarming conditions in Ohio regarding the coal supply. The mission of the Attorney General was to ask federal authorities to take some definite action to relieve the situation suggesting that some of the heavy trans Ohio shipments to the great lakes be diverted to meet requirements of Ohio consumers.

He brings back a promise of definite action, true only the general promise that federal officials understand the situation here and have planned to meet conditions.

The people of Ohio, in view of their experiences last winter, when exorbitant prices for coal and a paralyzing shortage existed, are to be excused for feeling nervous over the present prospects. They remember that last winter promises of relief were numerous and emphatic but no relief came.

People should not be unmindful, however, that conditions are different this year. The so-called food control legislation vests in the chief executive of the nation tremendous powers and that the transportation facilities of the country are now, practically, government controlled and, remembering these changed conditions, they should place more confidence in the promise of officials.

Corporation Patriotism

While we are giving expression, in words and deeds, to our appreciation of the splendid patriotism of the individual American citizens who have responded, so loyally, so promptly and so efficiently to the demands of the time we should not be unmindful of the splendid acts of patriotism by some of the great corporations.

Corporations are an American creation. Corporations were necessary to American development and growth. As the nation grew and prospered so did American corporations.

America gave to the world the gigantic business combinations and organizations which we call corporations so has America given to the world the corporation patriotism. The collective—the organized effort for national good.

We have heard much, during late years, from agitators about the soulless, selfish corporations, the railroads especially being held up as horrible examples of corporate greed.

Nothing has emphasized more the universal wave of patriotism which has moved America than the evidence of "corporation patriotism" and the railroads are in the front rank in patriotic work.

Practically voluntarily, they have submitted to government direction and placed their enormous property at the disposal of the government officials.

The Liberty Motor

Secretary of war Baker announces that the new aeroplane motor—the Liberty Motor—is the greatest achievement of the war and will insure the rapid construction of America's great fleet of efficient air crafts which promises to give our forces the definite supremacy in the air over the great battle fields of Europe.

As to the details of construction of this marvelous new motor the public, for obvious reasons, must remain uninformed. We must content ourselves with the very comforting assurances that for speed, durability and lightness of weight, it far out classes any engine ever constructed for use in aeroplanes.

To America has been, very largely, committed the important task of "putting out the eyes" of the Prussian giant.

Supremacy in the air is the one great and insurmountable advantage. With that the artillery of the enemy is helpless. With Great Britain and the allied fleets in the, practically, undisputed command of the seas and America the acknowledged champion of the air the allies have cause to view the future with confidence.

Poetry For Today

THE DAY OF SWORDS.

Now wakes our warrior spirit from the tomb
 To meet the challenge of the trumpet hour,
 Now dawns the slow sword from the scabbard's mouth

Like some aurora of forgotten stars—
 Freedom is up! She lies no more in dreams
 Behold her now, beneath her banner's flame.

Her somber robe of patience flung aside,
 Disclosing the bright body of her wrath.

Which time shall burnish with a thousand suns,
 Until its splendor, slanting down the world,

Blinds dark opposition from his last retreat
 And casts a light upon the future's eyes.

Shining she stands to keep her ancient trust—
 Let high-crowned hate beware, drilled slave take heed!

For liberty has never feared a King.
 Then stir, ye valleys, and awake, ye hills!

Cry forth the hosting to the utter soils!
 The present marches and the past commands.

Lo! from earth's womb, long pregnant with our seed,
 Arise the hoary captains of our cause.

And palely stand, in dauntless dim array,
 As once at freedom's birth they stood aglow

To guard the treasure of her sacrament.
 Who goes with freedom on her great emprise?

Ye trumpet airs, give answer! Winds, reply!
 Say how America, colossus-limbed,
 Looms on the red horizons of the world.

Her torch upheld above the moaning seas—
 To cleave the holy purpose of her path,
 And in her hand forbearance turned to steel!

Hold, France! Hold, Russia! Hold, ye British brave—
 Italia, hold! We come, we come with swords!!

OHIO NEWS

(By American Press)

Under the Wheels.

Waverly, O., Sept. 14.—Earl Russell, thirty-four, who had been employed at Camp Sherman at Chillicothe, fell between the cars of a freight train upon which he was returning to his home at Coopersville and was killed.

Injured by German Raiders.

Cincinnati, Sept. 14.—Aubrey McLeod, twenty-three, former resident of Norwood, O., litter bearer in the Harvard contingent at the United States hospital in France, was injured seriously Sept. 4, when German air men dropped bombs on the hospital.

Civil War Veteran.

Gallipolis, O., Sept. 14.—Ira W. Booton, eighty-four, a civil war veteran, member of the Seventy-third Ohio, died at his home here. Mr. Booton was the only surviving member of the famous Admiral Walker filibustering expedition to Nicaragua in 1857.

New Enterprise at Camp.

Columbus, Sept. 14.—To build a hostess house at Camp Sherman, Chillicothe, at a cost of \$15,000 is the project undertaken by Ohio Daughters of the American Revolution. Decision was reached by the regents' council meeting here. The hostess house will be in effect a hotel for mothers, wives and sisters of soldiers.

Clerk in Lincoln's Cabinet.

Dayton, O., Sept. 14.—The death at the soldiers' home of John P. Kellogg removes from the stage one who was identified with stirring events when Lincoln occupied the presidential chair. Kellogg was a clerk in the president's cabinet and later on held other clerical positions that enabled him to see and talk to President Lincoln daily.

Two Found Dead.

Youngstown, O., Sept. 14.—Two members of one family were found dead in bed at the same hour. They are: James Bartholomew, fifty-nine, and Mrs. Mary Robertson, ninety. Both deaths, discovered by members of the family, were due to natural causes. Bartholomew was the father-in-law and Mrs. Robertson the grand mother of Mrs. J. Frank Bartholomew.

Private Faces Serious Charge.

Chillicothe, O., Sept. 14.—Charles Bush, private of Company F, Third regiment of the Ohio national guard, whose home is in Middletown, was turned over to federal authorities on a bootlegging charge. He is a member of the military police force at Camp Sherman. Another member of the same regiment also was arrested and is in the regimental guardhouse, pending inquiry.

Petty Grafting Alleged.

Columbus, Sept. 14.—Bundling, at state expense, of numerous books, evidently for his own library and not for friends; payment by the state of personal long-distance telephone calls, making of questionable vouchers, tangling up of funds and other alleged irregularities are set forth in a report of the examination of the administration of former State Printer J. E. Cross, February, 1915, to April, 1917, filed with State Auditor Donahay by State Examiners J. E. Harper and Joseph F. Hogan.

AGENTS STRIKE

Hurlington, N. J., Sept. 14.—Spread of the Pennsylvania railroad telegraphers' strike to the station agents was announced at strike headquarters after news was received that agents had quit at a dozen stations out of sympathy with the telegraphers.

REV. G. E. GROVES IS CHOSEN SECRETARY

The District Convention of the Ohio Christian Missionary Society and the Christian Woman's Board of Missions, which met with the Walnut Street Church of Christ Tuesday and Wednesday, came to a close yesterday afternoon, and was pronounced by one and all to have been the best convention ever held in the district. The program was one of exceptional strength, and the sessions were all well attended, the auditorium being filled at every session. One feature of the convention was the music which was conducted by D. E. Snyder, of Sabina. Sabina and Washington C. H., sent the largest delegations, with New Antioch following closely. Churches from five counties were represented.

The Walnut Street Church handled the convention with remarkable ease, caring for 75 delegates, and serving over 100 people at meals Tuesday and Wednesday.

The convention next year goes to Jamestown. The officers for the next convention are as follows: The Christian Woman's Board of Missions, President, Mrs. Grace Boelter Sanders, Jamestown; Vice President, Mrs. C. M. Burkhardt, Springfield; Secretary, Miss Carrie Crawford, Martinsville. The Ohio Christian Missionary Society, President H. S. Snyder, New Antioch; Vice President, C. M. Burkhardt, Springfield; Secretary, G. E. Groves, Washington C. H.—Thursday's Wilmington News.

BUNCH OF "\$20.00 HOGS" FAYETTE COUNTY FARM

The above picture was taken on the Lewis Moore farm, in Green Townships, and correctly reproduces for Herald readers a scene of prosperity when a bunch of Mr. Moore's "\$20.00 hogs" were snapped by the camera man, as the hogs were partaking of refreshments. Mr. Moore is seen at the right.

Mr. Lewis Moore, prominent farmer and stock raiser of Fayette, has the distinction of being the only man in the county who has sold hogs at 20c per pound—the highest price ever paid in the county. Mr. Moore received from Ed Darlington and Frank DeWitt, stockbuyers, a check for \$9,446 in payment for 186 hogs, weighing 47,030 pounds. The fine condition of the hogs, raised and fed under Mr. Moore's personal direction, as well as the fancy price, has aroused widely extended comment. The hogs were Durocs and big type cross.

Mr. Moore took opportunity by the forelock when the hog market was at the crest for a few hours, and as far as has been learned, has the banner Fayette county record for the highwater price, Darlington & DeWitt holding similar record as having been the only stockbuyers paying that price.

The above picture shows some of Mr. Moore's "\$20.00 hogs" and the scene on Mr. Moore's farm is typical of many throughout Fayette county—the banner corn and live stock county of the state. Mr. Moore is seen at the right in the picture with his faithful Collie dog at his side. No wonder he wears a look of satisfaction. Most anyone could stand off at the side of nearly \$10,000 worth of hogs that belonged to him and feel a just pride in the success of his work.

REV. D. W. BARRE
WILL CONTINUE
AT ST. ANDREWS

At a meeting of the men of St. Andrews Church last night after a thorough discussion of all the questions involved, a resolution was adopted asking the rector, the Rev. David W. Barre, to reconsider his determination of going to France at the pres-

ent time and to remain at the head of the work of St. Andrews Parish.

It was pointed out that his departure at the present time would be fatal to the prospects of St. Andrews. The church, which is still a Diocesan mission, has made such splendid progress in the past few months and has undertaken such a large task in purchasing property and planning a new building, that the Vestry felt that Dr. Barre's real duty and greatest opportunity for service lay in remaining at the helm of local affairs.

Appreciating deeply the sentiment of the Parish in the matter, Dr. Barre has agreed to remain in the city and to carry on the local work, feeling

that he can probably render a more effective and a greater service here than he could in France at the present time.

The decision of St. Andrew's brilliant young rector is gratifying to the many friends and admirers of Rev. Barre outside of his own parishioners. The community felt that it could ill afford to lose a man of his type and a preacher of his ability.

FUNERAL SERVICES
OF MRS. T. T. BEATTY

The remains of Mrs. T. T. Beatty were brought down from Columbus Friday afternoon on the 3:33 B. & O. train, by the H. A. Fletcher Co. and were met at the train by Undertaker McCoy, who took charge here.

Mr. Beatty and daughter, Miss Marie, came down on the early train this morning. Dr. Hugh and Ralph motored down, and joined them later.

The funeral services will be held Saturday morning at ten o'clock at the home at Jasper Mills. The burial services at the cemetery will be private.

ADDITIONAL SOCIETY.

Mr. and Mrs. A. C. Patton entertained at a family dinner, Thursday. Mr. Patton's father and mother, Mr. and Mrs. Charles Patton; Mr. Patton's sister and brother-in-law, Mrs. Stella V. Smith; and John A. Smith and his niece, Mrs. Marguerite Smith of Leesburg and Mrs. Eva Ellis of this city.

House decorations were asters and bidens.

Mr. Patton's father, who is 83 years of age, is in the best of health and his mother, at 78, although unable to walk is quite cheerful. Both enjoyed the occasion as fully as the younger folks.

Mr. and Mrs. Patton have been married more than 58 years and are still living in the home in which they were married.

ADDITIONAL PERSONALS

Mrs. Chas. McLean and Mrs. Frank C. Parrett were visitors in Dayton yesterday.

THREE DESERTERS
TAKEN TO BARRACKS
BY SHERIFF JONES

Sheriff Jones escorted three alleged deserters to the Columbus Barracks, Friday morning, and turned them over to the Federal authorities.

The three men were. Hiram Jackson, Co. D, Marion, Ohio; Harrison Haws, Company M, and William Myers, also of Company M, the latter two being taken in charge of Sheriff Jones and Deputy Edwin Jones, Thursday and Thursday night.

The men were arrested upon orders received by Sheriff Jones, and had evaded the authorities for some little time.

Several other alleged deserters are wanted by the Federal authorities, and will be arrested if they can be located in the city or county.

It is expected that the men will be heavily punished for their offense, which is a very serious one in time of war.

John Myers, father of William Myers, one of the men arrested, is said to be held in Wellston on a serious charge. John Myers is the man who was sent to the Penitentiary from this county, following conviction on a grave charge.

WAR GARDENS ARE

URGES SPEED ON BIG BILL

By Associated Press Dispatch.

Washington, September 14.—With less than a dozen Senators present the Senate today took up the new war credits bill authorizing new loans and certificates totaling \$11,500,000,000.

Senator Stone, in charge of the measure for the Finance Committee, urged prompt action and brief discussion so that every effort could be made to expedite its passage.

EIGHT THOUSAND MEN ON STRIKE AT SPRINGFIELD

(By American Press)

Springfield, Ill., Sept. 14.—The industrial deep growing out of the strike of streetcar operatives became more acute here when barbers, grocery clerks, brewery workers and meat cutters joined the ranks of the strikers. Plumbers and electricians also are threatening to leave their work. In every case, those who have walked out declared their action was not primarily in sympathy with the car strike but because police and military authorities had denied unionists their right to parade last Sunday. Estimates placed the number now on protest strike at between 7,000 and 8,000, most of whom are coal miners.

LAID TO REST

Rev. Sudlow conducted a simple and affecting service over Mary Alice the seven months daughter of Mr. and Mrs. Martin Butz at the home on Staunton road Friday morning. A number of sympathetic friends and relatives gathered at the home, and accompanied the family to the Washington cemetery for burial.

ONLY TWENTY YEARS AGO

Ladies wore bustles. Operations were rare. Nobody swatted the fly. Nobody had seen a silo. Nobody had appendicitis. Nobody wore white shoes. Nobody sprayed orchards. Cream was five cents a pint. Most young men had "livery bills." Cantaloupes were muskmelons. You never heard of a "tin Lizzie." Doctors wanted to see your tongue. Milk shake was a favorite drink. Advertisers did not tell the truth. Nobody cared for the price of gasoline.

Farmers came to town for their mail. The hired girl drew one fifty a week. The butcher "threw in" a chunk of liver. Folks said pneumatic tires were a joke. Nobody "listened in" on a telephone. There were no sane fourths or electric meters. Straw stacks were burned instead of baled. Publishing a country newspaper was not a business. People thought English sparrows were "birds."

Jules Verne was the only convert to the submarine. You stuck tubes in your ears to hear a phonograph, and it cost a dime.

HIGH PRICES ABUNDANT IN CHILLICOTHE

'Am an' Eggs Cost 45c to 60c a Throw and Other Eats and "Sleeps" Are Correspondingly High.

By Associated Press Dispatch.

Camp Sherman, Chillicothe, O., September 14.—Places to stay overnight in Chillicothe which have been at a high premium for weeks, soon will be more numerous, residents believe. The steady departure of hundreds of workmen, several thousand of whom lived in Chillicothe while working at the camp, will leave many rooms vacant.

Many residents have reaped a golden harvest from letting out the "spare" room or even some that ordinarily would not be spared. The hotels have been jammed, even the hallways, where at times men slept in their clothes, gladly accepting a berth on a small cot.

The average charge for one room in a residence is \$7 a week. They can be had from \$5 on up. The cheapest at the leading hotel is \$1.50 a night without bath. With bath, it ranges from \$2.50 up, chiefly up.

Friends and relatives of conscripted men who come to camp to visit them will not find eating places numerous in Chillicothe and the prices have jumped with the demand for food. Boarding houses that once sold a ticket good for 21 meals for \$3.50 now are getting \$7. Plain ham and eggs command 45 to 60 cents.

Chillicothe, in a measure, has not been wholly responsible for the high prices. The demand on sources of supply has been so great that producers have been paid big by the dealers and by the eating house people. Big wages to workmen brought lavish expenditures and little complaint at the prices slowly but surely mounted to the boom-town pinnacles.

Rents for residences are enormous as compared to what was paid a few weeks ago. One instance—a widow who conducted a boarding house, paid month to month rental of \$16 and she was notified this week that hereafter her rent would be \$42 a month.

According to well-founded reports in Chillicothe, residence rental has gone up as result of "manipulation." A number of Columbus men are said to have figured in the transactions. They are reported to have obtained leases on more than a hundred residences several weeks ago and immediately upon becoming landlords, doubled and even tripled rentals.

Military regulations, which prohibit officers from renting rooms or residences without authority of a special camp bureau, fixed the "reasonable" room rental at \$6 a week. More than that, it was stated at camp would be considered exorbitant.

This situation brought even more profits to some homes, where roomers were doubled up—two or three in a room instead of one—and each roomer charged the \$6 rate. Also, an extra \$1 a week "will be added when heat is turned on," some were told.

Wives and daughters of officers stationed here have organized a little army of their own, headed by Miss Edwina Glenn, daughter of Major General E. F. Glenn, commander of the camp. The women will aid in supplying the nine big Y. M. C. A. buildings at camp with libraries. The work was started by City Librarian Burton E. Stevenson. It is planned to have more than 50,000 volumes of literature for the soldiers.

The decision to let the army women take complete charge was due largely to the fact that women of Chillicothe now have much to do in Red Cross and community work that has been taken up by the numerous clubs and societies since the establishment of the cantonment here.

AMERICANS IN CHARGE

(By American Press)

London, Sept. 14.—American medical officers will next week take over charge of the military hospitals at Manchester, Salford, Liverpool, Leeds, Birmingham and Cardiff, and the civil medical practitioners at present in charge of those hospitals will be informed their services are no longer required. Eleven American medical officers have been allotted to Manchester, it is said.

THE HIGH SEA FLEET, GERMANS LAST HOPE SCHEER IN COMMAND

ADMIRAL SCHEER

Unless the German submarines increase greatly their depredations, many experts said, the kaiser's government would send the "high sea fleet" in a last desperate effort to gain control of the seas. The German fleet is commanded by Admiral Reinhard Scheer, who is considered one of the most capable tacticians in the German navy and regarded as a man not only of force, but also of ideas. He was for a long time employed as director of the general marine department at the admiralty and he has also held command in the active services as chief of staff of the high sea fleet and as commander of a battle squadron. He succeeded Admiral von Pohl.

CHEAP CHEMICAL IN AMMUNITION CAUSE

(By American Press)

Washington, Sept. 14.—Whatever the condition of the ammunition first sent General Pershing, that being sent him now and for several months past has been of highest quality, General Crozier, chief of the ordnance bureau of the war department told the house military committee. He was the first witness in the investigation into the defective ammunition first sent United States troops in France. Defects in the supply were due, said Crozier, to deterioration of a chemical in the powder after it had been properly manufactured. This chemical was purchased, he admitted, chiefly because it was cheaper than material formerly used.

TELEGRAPHERS FOR WAR WORK BADLY NEEDED

(By Associated Press Dispatch)

Columbus, O., September 14.—Appealed to by the War Department, the Ohio Defense Council today sent a letter to colleges, public schools and Y. M. C. A.'s throughout the state urging special classes to train telegraphers for the army.

This action followed receipt of a letter from Lieutenant Colonel L. D. Wildman, Signal Corps, U. S. R., declaring that "a very serious situation confronts the War Department in regard to the training of telegraphers for war work."

Ohio, Colonel Wildman's letter stated, will be called on to furnish at least 600 telegraphers in the second and later calls for army service. Meanwhile, commercial telegraph companies throughout the state report an acute shortage of operators even for civilian and business work, although telegraphers, they say, receive pay ranging from \$85 to \$125 a month for an eight-hour day.

The Ohio War Board's appeal for establishment of classes to train telegraph operators follows one made several weeks ago to colleges, schools and Y. M. C. A.'s by the War Department. As the result of the first appeal, classes are now being organized at:

Municipal university, Akron, Ohio; Ohio university, Athens; Ohio Wesleyan university at Delaware; Kenyon college, Gambier; Miami university, Oxford; Western Reserve university, Cleveland; Institute of Applied Arts, Cincinnati; American Radio Institute, Leipsic; public schools of Cleveland, Dayton, Toledo, Alliance and Mansfield; Y. M. C. A.'s at Fostoria, Hamilton, Marion, Middleport, and Toledo.

It is to the other colleges, schools and Y. M. C. A.'s in Ohio which have not answered the War Department's first appeal that the present request is directed. "Here is a real need which must be met," says the War Board's letter. "May we urge with all emphasis that you aid the government in this patriotic work."

MEMOIR.

George Washington Glass, son of James and Eliza Glass, was born June 15th, 1856, on a farm about eight miles south of New Lexington, Perry County, Ohio, and died Tuesday morning, September 11th, 1917, at his home in Washington C. H., Fayette county, Ohio, of Bright's disease, aged 61 years, two months and sixteen days. His parents were natives of Virginia, coming to Ohio in an early day to begin life in the then new country and many of the traits of the ancestors who settled and formed the old commonwealth of Virginia were clearly recognizable in him who has just laid down the burdens of life.

In 1879 James and Eliza Glass with their family removed from Perry county to Fayette county, locating about four miles south of Washington C. H., and after residing in that section for about four years removed to a farm in Jefferson township, Fayette county, where the children grew to manhood and womanhood and where both parents answered the call of the death angel.

In 1911 George Washington Glass, his brother and sister removed from Jefferson township to Washington C. H., where the two brothers have since resided.

His education, acquired in the common schools of Perry county. The greater part of his early life having been spent in the rural districts, many of the simple habits were adhered to throughout his life.

George Washington Glass never became affiliated with any religious or fraternal organization; he never married, devoting his life to the service of his brothers and sisters and to the common people.

Conducting a modest hotel or rooming house in Washington he has furnished food and shelter and extended the helping hand to many a weary and distressed traveler along that great highway of life. Without ostentation, he has assisted and encouraged many men who were about ready to give up the fight, to take up their burdens and travel on. Always with his word of cheer and substantial aid he has been the good Samaritan who bound up the wounds of the afflicted.

He was generous and kindly disposed; modest in his demands of life and generous to those whose need was greatest.

He died as he had lived—consistent in his simplicity and firm in his beliefs. He was one of the strong characters—a man perhaps apart from

many of his fellow men—but none the less with a call to play in this great drama we call life, and a man who played that part in a way which brought aid and comfort to many who needed it.

He is survived by two brothers, Andrew Jackson, Charles M., of Detroit, Mich., and six sisters, Mrs. Alice Reeves, Phoenix, Arizona; Mrs. Josie Powell, of Jeffersonville; Mrs. Sarah Duff, Moxahala, Ohio; Mrs. Hattie Wood, Pittsburg, Pa.; Miss Lida Glass, Mrs. Jennie Green, Reedstown, Wis.

It is fitting that the final chapter in his life, begun in the quiet hills of Perry county, should close in this peaceful spot away from the throngs, the body surrendered by those who knew him best and appreciated him most, to the earth which will cover all his faults and leave only the memory of the good he has done.

REMAINDER OF BIG UNIT REACHES CITY

The remainder of the big generating unit being installed by the Washington Gas & Electric Company, and which will more than double the capacity of the power plant in this city, arrived from an Atlantic Port, Thursday, and will be unloaded at once.

The remainder of the unit weighs 37,000 pounds and is in one section. Two car loads of the unit arrived in the city several weeks ago, and the total weight of the piece of machinery when assembled is approximately 135,000 pounds.

The foundation is being laid for the machinery, and by cold weather it is expected it will be in use furnishing electricity for this city. Jeffersonville, New Holland, Leesburg, Bloomington and Milledgeville.

INSURANCE BILL PASSED BY HOUSE

(By American Press)

Washington, Sept. 14.—By unanimous vote the house passed the administration's soldiers' and sailors' insurance bill, amended so as to equalize the allowances of the dependents of enlisted men and officers.

As the bill goes to the senate, privates and officers and their dependents stand on exactly the same basis. Benefits and allowances now provided for are slightly higher than those originally proposed as the minimum for privates by the committee and considerably lower than the maximum amounts which officers and their dependents would have received.

President Wilson scored a personal victory in the adoption, 141 to 77, of an amendment raising from \$5,000 to \$10,000 the maximum amount of optional insurance policies that the government would issue to all the men in the service. The original draft of the bill carried \$10,000, but it was stricken out in committee.

The main purposes of the bill are to provide a substitute for the present pension law as it would apply to men engaged in this war, a new system of allotments and compensations which will provide for dependents of the soldier and rehabilitate men upon their return from the war.

Upon enlistment, under the provisions of the bill, a soldier or sailor would be entitled to take out from \$1,000 to \$10,000 worth of optional insurance at approximately \$8 per \$1,000. His dependents would be entitled to allotments from the government of from \$5 to \$50 per month and an equal amount up to \$15 a month from his pay.

Death or total disability resulting, the dependents of any person in the military or naval service, including women members of the nurse corps, would be entitled to compensation ranging from \$20 to \$70 a month and the insurance. In case of total disability the injured persons would be paid from \$40 to \$100 a month.

The new rates per month adopted were:

Widows, \$35; one child, \$45; two children, \$52.50, and an additional \$5 for each child up to four.

One motherless child, \$20; two \$35; three, \$45 and \$10 additional for each child up to five.

A widowed mother would receive \$30 a month, and no family allowance would exceed \$75 a month. Under the original draft of the bill the compensation for officers' dependents might have gone as high as \$200 a month.

ARMED FORCE IS ON GUARD
(By American Press)
Buenos Ayres, Sept. 14.—Armed guards are protecting the German banks in this city. The minister of war has offered to place army units under police orders to prevent any repetition of the rioting. Several policemen are among the wounded in the hospitals.

Count Von Luxberg, the German minister, whose passports were sent to the German legation by the Argentine government because his objectionable messages to Berlin through the Swedish foreign office had rendered him persona non grata, dodged threatening crowds which were waiting for him on his arrival at Buenos Ayres from the interior. He was persuaded by the police to leave the train at San Martin, twelve miles outside.

During the rioting every German business house and restaurant in the downtown district was wrecked. The German club and several other buildings were damaged seriously by fire. The police wounded seven rioters seriously when they fired into the crowd. Three of the injured are expected to die.

NEW VENTURE WINS
(By American Press)
Washington, Sept. 14.—Canteen service of the Red Cross for members of the national army and national guard as they travel to the cantonments is being enthusiastically welcomed by the troops assembling at mobilization points and at junctions and wait-overs. Reports received by Foster Rockwell, director of canteen service, from many chapters which have been serving light refreshments to the detachments passing through their towns show the appreciation and enthusiasm of the troops.

Only a small proportion of the national army has as yet gone into the cantonments, and the heavier work of the Red Cross canteen service is still ahead. But most of the chapters have the work fully organized, and feel themselves equipped to meet whatever emergency may develop. The Red Cross uniform will be kept conspicuous in railroad buffets and restaurants all over the country while the troops are moving.

ASK WOMEN TO USE MORE CARE
By Associated Press Dispatch
Columbus, O., Sept. 14.—The State Defense Council will appeal to women in Ohio cities to aid the plan of cutting down retail deliveries. Data on file with the National Council of Defense, which originated the movement, shows strides already have been made to curtail deliveries by retail stores in these Ohio cities: Cleveland, Cincinnati, Columbus, Toledo and Dayton.

But the National Council wants the movement extended to other Ohio cities, and the State Council, as a first move, will ask aid of women's committees.

"Thousands of men and vehicles are now unnecessarily employed in the delivery service of retail stores throughout the country, and it seems obvious the waste thereby occasioned should no longer be endured," says a bulletin received by the State War Board from the Commercial Economy Board, National Defense Council.

One delivery a day on each route and the non-return of all goods sold are first moves urged.

"Carry home your Purchases" and "A Bundle Under the Arm is a Sign of Honor in War Time" are slogans which go out to Ohioans, particularly women purchasers, from the state council.

BEAN CROP VALUABLE 20,000,000 BUSHELS RAISED IN 5 STATES
(By American Press)
Washington, Sept. 14.—Beans take their place this year as one of the country's most important and valuable crops. Forecasts of production in the five important bean growing states, Michigan, California, New York, Colorado and New Mexico, announced to the department of agriculture in a special report, shows 19,960,599 bushels, compared with 8,246,000 bushels last year and 10,321,000 bushels in 1915.

More than 1,500,000 acres were planted to beans in those states and the average farm price being paid for them on Aug. 15 was \$7.24 a bushel, compared with \$4.69 on that date last year. At the Aug. 15 price the prospective crop was worth about \$145,000,000. No estimate was made for the production of other states.

ASKS THE WOMEN TO CAN MUCH CORN
By Associated Press Dispatch
Columbus, O., Sept. 14.—Ohio's "War Board" today appealed to housewives to plunge into corn canning this week and next as a move to win the war.

D. F. Wilkinson, special food investigator for the Ohio Defense Council cited today that the sweet corn is just ready to gather for immediate consumption, canning or drying, and the sweet corn market is at its best.

"Corn which sells now at retail at ten cents a dozen will be selling at 20 and 25 cents in a few weeks when only late corn can be bought," Wilkinson said. "Canned corn, commercial sizes, is selling now at 15, 18 and 22 cents a can. It is likely to go still higher this winter when the millions of cans needed for army use abroad are shipped."

"A dozen good ears will can three glass cans or six cans of commercial size. So that 10 cents spent for fresh corn in the market now, plus some work in the kitchen, nets the same amount of food as housewives can buy from their grocer for \$1.10 to \$1.42."

Housewives who do not know how to can corn can write to the war council and get free instructions.

CORN CUTTING TO BEGIN NEXT WEEK
Corn cutting in Fayette county will open in real earnest next week, although a few farmers will begin this week.

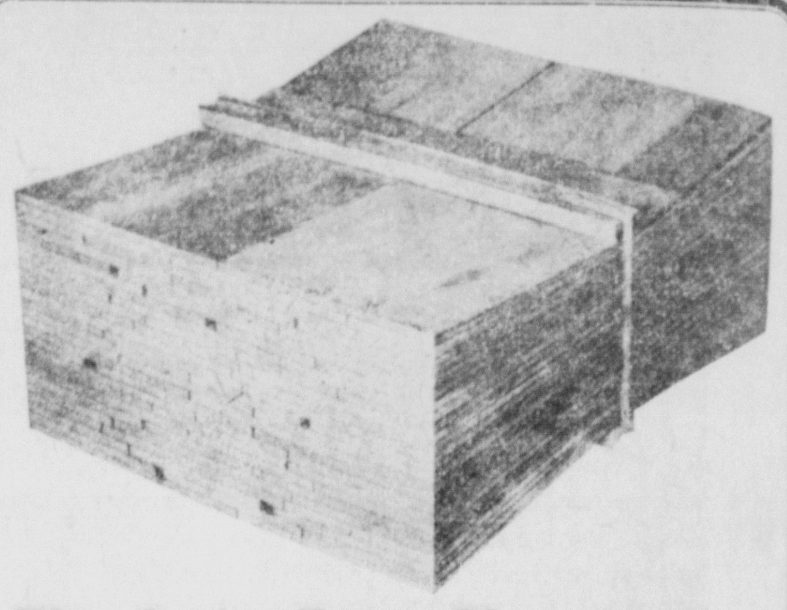

Corn cutting this year is fully two weeks late, and the corn is still very green. It is expected that, because of the two frosts, it will ripen rapidly from now onward.

The supply of corn cutters is not as large as usual, but it is expected that sufficient hands will be found to harvest virtually all of the corn crop in almost record breaking time, in order that much of the corn ground can be sown to wheat.

Many farmers have applied to the free employment bureau in this city for corn cutters, and many have been furnished.

It is expected that next week will bring an influx of corn cutters from the hill counties, and they will be promptly furnished with an abundance of work at exceptionally good prices.

NEGOTIATIONS FAIL
Washington, Sept. 14.—Negotiations conducted here between representatives of the striking coal miners and operators in Kentucky and Tennessee looking to a settlement of the controversy, have failed and officials of the United Mine Workers of America announced that plans immediately would be laid for continuing the fight. From 12,000 to 17,000 miners in the two states have been idle for several weeks in an effort to enforce their demands for an eight hour day, increased wages and recognition of the union.

MOTORMAN IS PLEASED WITH TANLAC'S WORK
Cincinnati Street Car Man Thanks Tonic for Putting Stomach in Shape So He Can Eat Good Again.

"I've tried about every medicine that has been placed on the market for years but I never tried one that was the equal of Tanlac," said J. Smith, Eighth street and State Avenue, Cincinnati, Ohio.

Mr. Smith has been employed as motorman by the Cincinnati Traction Company for twenty-seven years.

"My stomach was in bad condition before I took Tanlac," Mr. Smith continued. "None of the food I ate was digested properly. I felt sick and nauseated most of the time."

"My system was run down all over. I was nervous and sometimes I felt so weak that I hardly had the strength to put on the brakes on my car."

"I heard about Tanlac and although the other medicines hadn't done me much good I decided to try this preparation."

"Well, I can truthfully say since taking Tanlac that I eat and sleep better than ever before in my life. It is my opinion that Tanlac is the best builder and tonic on the market today and I am perfectly satisfied with what it did for me. In the 27 years I have been taking medicine I have never found the equal of Tanlac."

If you are not feeling right get Tanlac today. It has helped thousands of sick men and women and it will do for you what it has done for others. You can get Tanlac at Blackmer & Tanquary's, Frank Christopher's drug store or C. S. Haver's drug store.
